DETAILED ACTION

1. Claims 19-24 are allowed over the prior art of record.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance: The primary reason for allowance of the claims is that the prior art neither teaches nor fairly suggest the method for packaging an integrated circuit die as presented in the independent claim 19. Major emphasis is being placed upon the provision of *"treating the face of the substrate so that a fill material when liquid has a higher affinity for a first portion of the substrate and a lower affinity for a second portion of the substrate, wherein the first portion surrounds an area where the die attaches to the substrate and the second portion surrounds the first portion"*, in combination with other limitations of the said claim and its dependent ones.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
